

Table with 12 columns representing different units and multiple rows for tasks. Each column header includes a unit number (e.g., 211, 212, 221, 231, 232, 241, 242, 243) and the name of the Director of the Federal Scientific Center for Integrated Brain Research. The rows contain specific tasks with their descriptions, codes, and assigned personnel.
